

CARBOZEN LAB SERIES

Hybrid Multi Coating System

Multi Coating System which can synthesize various coating films for high performance with glow discharge method

▶ CarboZen Lab Applications

Etching / Sputtering / Ion plating / CVD / PECVD / Multi Coating System

▶ Standard Specifications

Rotary Pump / TMP / Ø500X 250H / 4" Circular Sputter / 4" Circular Ion gun / Ø400 Cathode(CVD)

▶ CarboZen Lab Option

Heater 450°C / Roots Pump / Cathodic Arc Source / 2 Fold Rotation Jig

연구실 내 멀티 코팅 솔루션
